Demonstrating the importance of data cleanliness, GIS best practices and how your data can affect others.
Presented by Claudia Paskauskas, ECFRPC

Additional Information:

The Lake-Sumter GIS Users Group normally meets in various available facilities in Tavares. Meetings typically draw representatives of several Lake and Sumter County agencies, municipalities, and associated entities. Although open to all, there is a restriction against marketing at the meetings. Activities may include data sharing, tips and tricks, project presentations, product demonstration, GIS related workflow improvements, general coordination efforts, and educating others on the tremendous benefits GIS delivers to the county through innovative solutions.
