An applicant for an Agricultural Lot Split shall have six months from the date the application is submitted to the County to finalize the lot split, with no extensions.

### **The following items are need for the preliminary review:**

- A completed application form, provided by the County.
- One copy (not to exceed 11" X 17" in size) of the proposed lot split, which shows the boundaries of the original parcel and each proposed parcel.
- A statement indicating whether water and/or sanitary sewer service is available to the property.
- A copy of a soil survey map with the boundaries of each lot drawn on it (a copy of a soil map can be obtained by visiting <https://websoilsurvey.nrcs.usda.gov/app/WebSoilSurvey.aspx>).

The survey must include and identify:
  - The overall legal description of the original parcel and proposed lots
  - The legal description of all existing or proposed easements
  - All existing structures
  - The 100-year flood zone and elevation
  - All surface water bodies
  - All wetlands and the amount of acreage inside and outside of the jurisdictional wetland line
- A title opinion of an attorney licensed in Florida or a certification by an abstractor or a title company dated through the date of final approval, showing all persons or entities with an interest of record in the property, including but not limited to, the record fee owners, easement holders, mortgage and lien holders. The report shall include the tax identification number(s) for the property and copies of all documents such as deeds, mortgages, etc., referenced in the title opinion.
- Final review fee of \$310.
